6. Detailed information on insurance accident history

Depending on the source of insurance claims and repair (estimate) costs, claims are divided into "Paid by your insurance company (your own insurance)" and "Paid by another vehicle's insurance (the other party's insurance)". This section provides information on cases where damage to another party's vehicle or property in a car accident is paid out of your own insurance.

\* If the damage or repair records of the vehicle are processed simultaneously by both the insured and the other party's insurance due to mutual fault, they will only be displayed in 'My Insurance' and omitted from 'Other Party's Insurance'.
